About Me

I am a DevOps Engineer with a passion for problem-solving and a proven ability to quickly adapt and learn in dynamic environments. My forte lies in my aptitude to debug complex issues, identify root causes, and implement effective solutions. I thrive in fast-paced settings and embrace challenges as opportunities for growth. My dedication to continuous learning and my problem-solving skills are key drivers of my success in the field of DevOps.

Experience

EnactOn Technologies Private Limited

May 2023 - August 2023

Web Server Configuration and Application Deployment:

Proficient in configuring and managing Nginx web servers.

Source Code Management (SCM):

Experienced in using SCM tools such as GitHub for version control and collaboration.

Continuous Integration/Continuous Deployment (CI/CD):

Successfully designed and implemented CI/CD pipelines using GitHub Actions and Jenkins.

Containerization

Proficient in Docker for containerization, facilitating the deployment of open-source projects.

SSL Implementation:

Implemented SSL certificates for web applications, ensuring secure communication, using Cloudflare and LetEncrypt.

Automation and Scripting:

Developed shell scripts for automating routine backup tasks for Database and source code.

Productivity Improvement:

Spearheaded the implementation of a bookmark manager service, enhancing productivity and knowledge sharing within the organization.

Configuration Management:

Proficiently used Ansible for automation, facilitating deployment and code updates.

Security Enhancements:

Introduced and deployed a password management service to enhance security within the organization.

Hulkapps ————

December 2022 - April 2023

Web Server Configuration and Application Deployment:

Proficient in configuring and managing Nginx web servers.

Managing server and deployment of web pages in Linux [Ubuntu OS].

Education

May 2023
CGPA: 8.09

Bachelor of technology in computer engineering
- Charotar University of Science and Technology

May 2020
CGPA: 8.62

Diploma in computer engineering
- Shri K.J. Polytechnic , GTU

March 2017
Percentage: 64

Secondary School
- HMB Sardar English High School, Surat

Skill & Hobbies

Technical Skills
• Cloud services
• Docker
• Ansible
• Shell Scripting
• Git
• Continuous Integration and Continuous Delivery/Continuous Deployment
• No-code/Low-code tools
• HTML
• CSS

Soft Skills
• Teamwork
• Communication
• Problem-solving
• A willingness to learn

Hobbies
• Reading mythological books
• Singing
• Outdoor games like Volley ball
